

The best meeting you'll have all day (even if it was yesterday)

All the features you need for better training outcomes

SYNCHRONOUS AND ASYNCHRONOUS

Whether a person attends the live event or watches the interactive Replay, they'll have the same experience and see activities progress in the same exact order.

- ✔ Interactive Replays
- ✔ Activity Streams
- ✔ Live chats
- ✔ Real-time polls
- ✔ Collaborative whiteboards
- ✔ Video annotating
- ✔ Smart breakout rooms

CLOUD-BASED FOR EASY ACCESS

AirClass executes in the cloud so that meetings start quickly and run efficiently for everyone — no cumbersome Active X or Java downloads required.

- ✔ WebRTC
- ✔ HTML5

IMPROVE MEETING OUTCOMES

Advanced capabilities can be used to create the feedback loops that are vital to improving meeting outcomes.

- ✔ Staging Environment
- ✔ Engagement Scores
- ✔ Emotion Insights
- ✔ "Who's Been Talking" graph

NO HIDDEN FEES OR EXTRA COSTS

- ✔ Unlimited storage
- ✔ Unlimited live events
- ✔ Up to 50 attendees per class

	Emotion Insights	Content Staging & Repurposing	Interactive Replays	Engagement Scores	Required Downloads	Extra costs
airclass	✔	✔	✔	✔	None	None
